

No more pests. Dead set.

SKG offer thorough pest control services for commercial premises and retail centres. Using the latest pest management products and methods, SKG guarantee the fast detection and extermination of all pests with no mess and no fuss. Fully licensed and insured, these services are performed professionally and are quality assured.

SKG provide regular site audits ensuring the highest quality of professionalism and workmanship. A dedicated Client Service Manager is assigned for accountability and attention. For SKG, it is not simply about ensuring a property is free from bugs and pests, it is vastly about ensuring the overall service process is met with specialised precision and that client satisfaction is attained — the first time and every time.
