

Don't waste your time — we've got it sorted.

The removal of waste and the recycling of reusable materials is another total service provided by SKG. With its strong focus and commitment to sustainability, SKG highly promote the importance of looking after the environment by offering a holistic approach in the collection, removal and processing of all waste.

SKG are committed to recycling for a sustainable future. Offering competitive pricing and industry expertise, SKG's waste management services continually complement the environmental objectives set out by each and every client.

At SKG, recycling and sustainability are not choices – they are our obligations to the world's environment.
