

**Cleaning Chemicals.**

Supplied by Agar Chemicals – an Australian owned and operated company with chemicals made in Australia. The main chemicals used are described as “Green Chemicals” relating to the fact that they are biodegradable with no residue or minimal impact on the environment.

This is evidenced by the full range Safety Data Sheets which are available at every SKG Services Site (in the Site Manual) and found online on the Agar website and Agar frequently will provide an analysis of a particular site and the chemicals needed to successfully clean and maintain in the highest level of presentation.

**Cleaning Consumables;**

Supplied by Winc (on a contract basis) – United States Company providing quality consumable products – toilet paper and tissues, hand towels and dispensers, hand cleaners, bathroom products, commercial cleaning equipment (e.g., mops - brooms) and laundry products.

While Winc is an American company the products provided to SKG Services are primarily sourced in Australia or from reputable suppliers in the Asian Region.

**Cleaning Equipment;**

SKG Services primarily uses Abco Products which is an Australian Trusted Trader

(**Abco Products** is an Australian Trusted Trader certified company. ATT is an Australian Border Force trade initiative implemented by the Australian Border Control to facilitate trade and customs check for legitimate companies that proven to be trustworthy traders with international companies. This means that we have undergone rigorous examination to ensure that Abco Products conforms world standards of the Worlds Customs Organisations.)

Products supplied include the following;

Floor Scrubbers, Steam Cleaners, Floor Sweepers, Carpet Extractors, Floor Polishers, Vacuum Cleaners, Escalator Cleaners and Pressure Washers.

Other smaller suppliers include;

**Freshways**, for Vacuum Parts – e.g. Adaptors, Batteries and Chargers, Cloth Bags and small attachments and Vacuum Cleaner Bags. Locally owned organisation.

**Karcher** - is a German family-owned company that operates worldwide and is known for its high-pressure cleaners, floor care equipment, parts cleaning systems, wash water treatment, military decontamination equipment and window vacuum cleaners. Karcher has social accountability controls in place.

**Security Equipment**

Uniforms and safety vests are purchased from local suppliers and branding is also supplied locally. Torches and 2-way radios are purchased from local distributors and meet ASIAL requirements
